

Holt County Sentinel.

Oregon, Missouri.

FRIDAY MORNING, NOV. 16, 1867.

We place an X after the names of subscribers, when their terms of subscription have expired. If they do not then renew within a reasonable time, we take it for granted they do not wish the paper longer, and drop their names from the list.

THE NEWS.

The Governor appoints the 28th inst. Thanksgiving day.

GRANT CLUBS are being formed by the Republicans almost everywhere.

Advices from the Mexican Capitol to October 24, state that President Juarez has been triumphantly re-elected.

A special from Havana of the 8th, says Santa Anna is there engaged in buying a farm.

A Frederick, Md., special says: upon the receipt of the news of the elections on Tuesday, the rebel flag was flung to the breeze at Libertytown, in this country.

A movement inaugurated by the people of Cheyenne City for the organization of that portion of Dakota into a new Territory will present itself at Washington this winter, backed by a political, financial and geographical influence which will be very likely to make it successful.

Col. JOHN DONIPHAN has been elected member of the legislature from Platte county, in place of Hon. H. J. Wolf, deceased.

The Board of Health of New Orleans has declared the city free from yellow fever, and citizens and strangers are invited to return without apprehension. The total number of deaths from the epidemic this season has been 3000.

A Washington special says: It is expected that the President will, during the present week, appoint a successor to Mr. Stanton as Secretary of War. As yet no selection has been made, but it is believed that the Executive is desirous of bringing into his Cabinet one who is as near as may be the type of the Conservative sentiment of the people, as evinced in the recent elections.

FROM EUROPE.

Florence, November 7.—Accounts of the last engagement near Rome have been received. During the battle on Sunday Garibaldi brought into action 10,000 men. At one time during the day the Papal troops were beaten and Garibaldi was gaining ground when the French came up and turned his victory into defeat. It is now reported that the insurgents lost 800 killed and wounded and 2,000 taken prisoners.

Paris, November 7.—Information has been received from Rome that the Pontifical authorities intend to prosecute those citizens who voted in favor of the union with Italy. The French Government has made representations to the Pope advising him not to allow this purpose to be carried into effect.

LONDON Nov. 8.—Friends of Garibaldi state that at the battle near Monte Rotondo he had only 4,000 men. The Standard says the sons of Garibaldi are still at large, though concealed.

FLORENCE, Nov. 8.—Garibaldi is to be tried at Florence.

PARIS, Nov. 8.—Gen. L. Marmora, the Italian Minister, lately had an audience with the Emperor and asked for the withdrawal of the French troops from Rome.

LONDON, Nov. 9.—A dispatch from Glamorgan, Wales, states that a terrible explosion took place in one of the mines of the Farndale Colliery in that country. All the miners, three hundred in number, were at work. At the last accounts the mines were on fire, and it was feared that but few, if any, lives would be saved.

LONDON, Nov. 10.—Additional particulars have been received of the terrible calamity at Glamorgan. A few of the miners escaped from the burning pit at Farndale. It is not yet known how many lives are lost.

LONDON, Nov. 10.—Midnight.—The latest accounts from Wales state that two hundred lives were lost and burned in the mines.

There was a bread riot at Barnstaple to-day, which exceeded in ferocity and destructiveness the riots at Exeter. The mob broke into the butcher's shops and bakeries and plundered them and then set them on fire. The police and military were obliged to fire on the mob.

ELECTION RETURNS.

The elections have generally resulted in Democratic gains. The Democratic majority in New Jersey seems to be about 12,000. The Tribune figures the New York Senate at 19 Republicans and 13 Democrats, and the assembly at 60 Republicans and 68 Democrats. The Democratic majority in Maryland, from the returns in, will probably reach 40,000. In Wisconsin, a Republican Governor is elected by a majority of between 3,000 and 4,000. The Democrats gain six or eight Members of the Assembly and three or four Senators.

In Massachusetts, the Republican State ticket is elected, but by the license issue the Democrats were enabled to claim a majority in the Legislature. Minnesota elects the Republican ticket, but it is thought negro suffrage is defeated. Kansas elects a Republican Legislature, but woman and negro suffrage are both defeated.

OVER in Iowa township, Doniphan county, Kansas, where the Republicans have at least two hundred majority, they fooled away their strength by running three candidates for Representative against one Conservative. The Conservative received 158 votes out of 480, and was elected. That would have been enough for Missouri.

In Doniphan county, we learn from the White Cloud Chief, there were 600 voters who did not vote. This will account for Democratic gains, for it is safe to say that the Democrats voted to a man, while Republicans were far too indifferent about the great issues which were to be decided.

A FIRE occurred at Sedalia, Mo., on the night of the 6th, causing a loss of property amounting to \$125,000, of which the insurance covers but a small portion. The Independent Press printing establishment and the McKissock House were burned. The buildings destroyed were mostly business houses, and contained heavy stocks of goods, which were almost entirely lost. The calamity will fall heavily on that young and thriving city.

W. W. DAVENPORT, Esq., has sold the North Missouri Messenger, of Mexico, to G. W. Galloway & Son, who are hereafter to conduct it. Its political course will be the same as heretofore. Mr. Davenport retires on account of ill health. We regret losing from our midst so efficient and useful a member of the fraternity as Mr. W. has proven himself to be.

COL. S. T. GLOVER, of St. Louis, the prospective Conservative Governor, in a published letter declares that hereafter he will be found acting with that political organization which offers the most "hopeful prospect for putting down the Radicals." Again, "If Vallandigham fraternizes with me in that direction, I shall not abandon my principles for that reason."

A NEW ERA IN LITERATURE.

Mr. Frank Leslie, one of the United States Commissioners to the Universal Exposition in Paris, has availed himself of his visit abroad to introduce some new and very interesting features in his popular publications. He has arranged with a number of the leading authors and artists of Europe to furnish Novels, Narratives and Engravings, which will appear originally in his publications, instead of at second-hand, or through the stale expedient of what are called advance sheets, thus practically settling the copy-right question by purchasing his literary material at first hand. This is a bold movement, and will prove to be a remunerative one, since "Honesty is the best policy." The first of these novelties is "Adventures Among the Brigands," by Pierro Egan, Esq., a narrative of Adventure in Italy, by that popular novelist and fascinating writer, which will commence in No. 129 of Frank Leslie's Chimney Corner.

With No. 129 will also be given away a magnificent Original Engraving, "Stop Thief, or The Monkey's Grip!" from the famous and popular painting of that name in the Paris Exposition, now the property of Paron Stevens, Esq., of New York.

This average grade of the U. P. R. R. from Omaha to Cheyenne, is thirty-three feet per mile. Upon the ascent of the Black Hills a grade of nearly ninety feet to the mile is encountered.

PROCLAMATION.

By His Excellency, THOMAS C. FLETCHER, Governor.—A Proclamation for a Day of Public Thanksgiving and Prayer.

Heartily conforming to the custom of annually setting apart a day for the public performance of the Christian duty of rendering thanks and praises to God for all the blessings which gladden our daily paths, I do hereby appoint Thursday, the 28th of November, for that purpose, and request all the people of the State of Missouri to abstain from the pursuits of business on that day, and to meet in their usual places of worship, to unite in thanksgiving and praises to our God—for the mercies of abundant and gathered harvests in which "He has crowned the year with His goodness;" for thriving industry; for peace and domestic good order; for the social and moral improvement of the people, the learning of the Schools and the increase of the Churches; for prosperity in the markets of Commerce and Trade; for all present benefits, and the rich hopes of the future.

Let us also employ that befitting occasion to renew solemn vows of fidelity to our country, and to the memory of those who died in its defence; to testify anew our sympathy with the claim of want, bereavement and sorrow, and our firmness in the cause of equal rights and privileges, peace and good will among men.

Given at the executive office in the City of Jefferson, this fifth day of November, in the year of our Lord one thousand eight hundred and sixty-seven; of the Independence of the United States the ninety-second, and of the State of Missouri the forty-eighth.

THOMAS C. FLETCHER.
By the Governor:
FRANCIS RODMAN, Sec'y of State.

The Council Bluffs Eagle of the 17th says of the progress of the upper division of our railroad:

This road is now open to the station, opposite Nebraska City, called East Nebraska City, a distance from Council Bluffs of forty-two miles. A regular train passes over the road daily, carrying passengers, the mail and freight. The time of leaving Council Bluffs is 8:30 A. M., and on the return the train arrives at the depot in this city at 3:50 P. M. The running department of the road is under the charge of George D. Brown, as conductor, and Mr. A. J. Scovell, as engineer, and we may say, in passing, that the traveling public speak in high terms of the courtesy, care and competence of these gentlemen.

South, or rather south-east of "East Nebraska City" the track is now laid to within six miles of the State line, and progressing at the rate of about half a mile a day.

A CERTAIN Democratic speaker, whose name is Silas Woodson, said in a speech the other day at St. Joseph, that "when the Government conferred the right to vote on the negro, that if he loved the Government a thousand times more than he does, he would say damn the Government, let it sink!" This, we presume, is the feelings and platform of the Democracy. Can honest men endorse this sentiment? Can a loyal man vote in the ranks with men who would utter such words? Can any but rebels and rebel sympathizers vote such sentiments? We say no! Loyal men, spurn such sentiments from you as you would a skunk.—[Unionville Republican]

GEN SCHOFIELD, in an official order, announces the result of the recent elections in Virginia. The total number of votes cast was 169,229. Out of 218,494 (or nearly one-half of the whole number registered) were for a Convention, and 61,887 against, making the majority in favor of a Convention 45,455. The Convention is called to assemble at the hall of the House of Delegates in the city of Richmond, on the 8th day of December next, for the formation of a State Constitution in accordance with the Reconstruction act. The Convention stands 70 Radicals to 85 Conservatives, 25 of the former being colored.

MURDERER OF GEN. BATLEY.—Wm McWaters, one of the murderers of Gen. Bailey, late Sheriff of Vernon Co., Mo., was identified on the 26th ult. at Humansville, Polk Co. Finding himself known he left town suddenly. He was pursued and overtaken, but finally escaped after a desperate struggle with his pursuers, during which a large number of pistol shots were exchanged.

DESTRUCTIVE PRAIRIE FIRE.—We learn that the Indians set fire to the prairie on the Reservation, on this side of the Nemaha, last Friday, and that the fire by some means got across to the north side of the river, and destroyed many hundreds of bushels of corn, and a large amount of other property, belonging to a farmer on the bottom.—[White Cloud Chief]

CHEYENNE is 617 miles from Omaha, and 524 from Salt Lake, upon the great highway of the American continent.

NEW YORK.—"Origin and History of the Books of the Bible" is the title of a new work just issued from the press, by Messrs. Zeigler, McCurdy & Co., No. 518 Olive street, St. Louis, Mo. See advertisement.

DIED.

In this city, on the 11th inst., of Croup, CORA BELL, daughter of John C. and MARTHA K. Voss, aged 6 years, 2 months, and 28 days.

This little girl lived next door to us, and was well known to us all as a sweet child, and loved best by those who knew her best. She was the idol of her now sorrowing parents.

There is an old saying that those whom the gods specially love die early; and if there is anything in human nature that is pleasing to heaven, it seems to me that this little girl had it. She was of a most meek, gentle, and forgiving disposition. Combining these heavenly virtues, she seemed already matured and ready for transplanting to a better clime. A child that did not omit to pray night and morning—she must put to blush many older persons. But she has gone, and a dark shadow has fallen on the house of Brother Voss. But here in the consolation: while their mourners a child lost to earth, they are privileged to rejoice in a child saved in heaven. "Suffer little children to come unto me, for such is the kingdom of heaven."

Look at Our Recommendations.

We this week received a number of the Holt County Sentinel, and find it to be a paper worthy the support of Radicals. It has entered upon its third volume, and appears to be in a flourishing condition. We wish its proprietors unlimited success.—[Stockton Tribune, Oct. 11th, 1867.]

We find the Sentinel one of our best exchanges, being conducted with marked ability and spirit.
